Inco 2016 launched

Exhibition on 24th 25th & 26th June 2016

Inco 2016 exhibition was launched on 28th January 2016, at the OPA auditorium with the participation of Hon. Minister of Primary Industries Daya Gamage, Parliament MP as the Chief Guest. Hon. Deputy Minister of Petroleum Dr. Mrs. Anoma Gamage, Parliament MP and Eng. Mrs. Chitra Boteju, Chairman of Orceanica Group of Companies participated as other guests.

Speaking at the meeting Hon. Minister Daya Gamage mentioned about his long standing connection with inco and he is ready to help inco in future too as inco has done a great service to the industrial sector of Sri Lanka. He further stated that as the minister of primary industries of Sri Lanka he feels the Inco exhibition can be used as a platform to promote those industries to the public.

Dr. Mrs. Anoma Gamage purchased the 1st ticket of the raffle draw which was also launched at the same function. This raffle draw was organized by the fund raising functional committee of IIESL to raise funds for the proposed five storey headquarters building. Hon. Minister Daya Gamage and many of the participants purchased raffle draw tickets at that moment.

Eng. Mrs. Chitra Boteju launched the new Web Site of IIESL which had become a timely requirement with the expansions of IIESL activities. Mrs. Chitra Boteju who has been a strong contributor of the Inco activities since its inception and she is the chairman of **Chitra Boteju Foundation** which sponsors **Young Inco Innovators Competition** organized among ITUM, HNDE & NDES students.

CPD PROGRAMS OF IIESL

PHOTOS FROM THE LAST CPD PROGRAM

NEXT CPD PROGRAM

The Institution of Incorporated Engineers,
Sri Lanka
Short Term Course on
Maintenance of Commercial & Industrial Buildings and Factories.
To be commenced on 23th April 2016

Duration: 8 days : (2 ½ Hours Per Day) Weekend, Saturday 2.30 pm - 5.00 pm

Resource Person:
Eng. Bernard Perera
Fellow Member of IIESL, IESL
Visiting Lecturer UOM & NIBM

- TARGET GROUPS:**
- ✓ Middle Level Electrical Technicians
 - ✓ Factory Managers
 - ✓ Electrical Superintendents
 - ✓ Workshop Managers
 - ✓ Electrical Installation and Maintenance Contractors

COURSE CONTENT:

1. Introduction to Maintenance & its Importance
2. Safety of the Work Place
3. Electrical installation in Buildings
4. Motor control switch gear & protection
5. Industrial Automation
6. Introduction to facilities management of buildings
7. Building Management system (BMS)
8. Mechanical maintenance
9. Safety aspects of Mechanical maintenance.

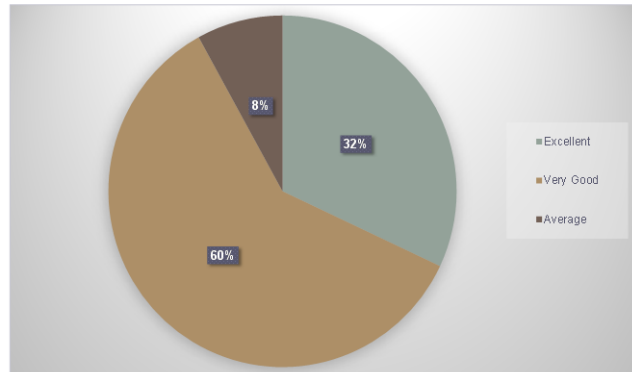

VENUE:
IIESL Auditorium
27/B, Udumulla Road
Battaramulla.

COURSE FEE:
Members Rs. 7500/= Non Members Rs. 10,000/=
(Inclusive of course material, refreshments)

Method of Payment:
Cheques – Institution of Incorporated Engineers, Sri Lanka
Cash – Institution Secretariat IIESL, HNB Ratmalana, A/C 208010001202

Evaluation By Participants

Technical Sessions will be held
on 22nd July 2016 From 8.30 am – 4.30 pm
 at Construction Industry Development Authority (CIDA)
 “Sawsiripaya”, No. 123, Wijerama Mawatha, Colombo 07

Session 1

HYBRID VEHICLE TECHNOLOGY AND MAINTANANCE

Session 2

INDUSTRIAL SAFETY AND CONSTRUCTION SAFETY

Session 3

LIGHTING, POWER PROTECTION & ENERGY MANAGEMENT

Dear Members,

The technical session organized along with the Annul Session, can play a significant role for continuous improvement of the knowledge of our members. This year it comprises three sessions and the topics were selected on the requests made by our members. We have become fortunate enough to find three prominent gentlemen as presenters and there is no doubt, the session will be an attractive one.

The technical session is a gathering of people with a common interest or background, with the purposes of allowing them to meet one another and to learn about and discuss issues, ideas and work that focus on a topic of mutual concern. These presentations may take the form of lectures, slide shows or films and interactive experience. The presentations tend to be focused more on practical issues.

Please reserve your seat early to avoid disappoint as there are only 250 seats.

SEDO AGM & Get-together

SEDO AGM & Get-together

SEDO AGM & Get-together

SEDO AGM & Get-together

Siyane Engineering Diplomates Association (SEDO)

Annual General Meeting & Get-together of Siyane Engineering Diplomates Association was held on 27th February 2016 at Samara Reception Hall, Gampaha with the participation of Prof. Sudantha Liyanage Deen of the Faculty of Applied Science, University of Sri Jayawardenapura as chief guest, Eng. Nihal Sooriyaarachchi, Chairman of RDA as Guest of Honour, Eng. Jagath Arawwawala, President IIESL and Eng. Mangala Jayasinghe as Chief Organizer of NDT Alumni Association.

Prof. Sudantha Liyanage mentioned at his speech that NDT holders in Polymer Science Technology are allowed to follow Master Degree at his faculty and since he got approval from UGC in 2003, 12 NDT holders have completed masters from 2003 to 2015. He urged NDT holders to grab this opportunity which will help them to become exceptional people in the society.

Eng. Nihal Sooriyaarachchi in his speech especially wanted to mention that he is one of the pioneer members of ACEDA and now it has come to the level of the most successful engineering organization in Sri Lanka. He said that he still think NDT is one of the best Engineering Courses in the world. As a result of the theoretical & practical knowledge given to students during the course period most of the NDT holders are in pioneer positions in Sri Lanka today.

Eng. Jagath Arawwawala speaking as president of the IIESL thanked officials of SEDO for the service they have rendered for the betterment of engineering diplomat's carrier for the past 19 years. Mentioning about the Engineering Council Act which will be presented to parliament in near future he said that Incorporated engineer will get due recognition in as engineering practitioners locally and internationally. He further requested members of SEDO who are yet to obtain memberships to apply for that as IIESL is the only Engineering Institution to represent engineering diplomats in Sri Lanka.

Eng. Mangala Jayasinghe explained in his speech about activities of NDT Alumni Association performed during last year to improve the knowledge of its members and requested SEDO members to attend to such programs in future.

EDITORIAL

***THE INSTITUTION OF INCORPORATED ENGINEERS, SRI LANKA.
27B, UDUMULLA ROAD
BATTARAMULLA, SRI LANKA***

The Institution of Incorporated Engineers, Sri Lanka has been providing CPD programs for engineers and other professionals interested in their career and personal development since 2006 under the guidance and supervision of the CPD committee. The programs were coordinated by the Education & Training Division of the IIESL secretariat.

Continuing professional development is important because it ensures you continue to be competent in your profession. It is an ongoing process and continues throughout a professional's career. The importance of continuing professional development should not be underestimated – it is a career-long obligation for practicing professionals. It is a personal responsibility of professionals to keep their knowledge and skills current so that they can deliver the high quality of service that safeguards the public and meets the expectations of customers and the requirements of their profession.

As one of the professional institutions of engineering we have been trying our best to educate engineers and already we have completed three programs since January this year. Another program is scheduled to be started in the last week of April. This is a commendable achievement of the education and training division. If you closely monitor, you will notice that there is a continuous improvement in these programs. Topics to cover all disciplines of engineering and utilizing good resource persons will make these programs more attractive. Our institution has an auditorium with all facilities at Battaramulla, to conduct such programs.

We must give priority to applicants those who have followed CPD programs conducted by the institution when they apply for membership of IIESL or making compulsory at least one certificate of a CPD program to offer membership of IIESL.

IIESL new web site – www.iie.lk,

INCO new web site – www.inco.lk

IIESL new web site has become popular and 2283 visits have been recorded during January 2016. In February 2016 another 2123 visits have been recorded.

The new website is interactive and gives better access to conduct searches. Our current and prospective clients will find useful information about our services and recent production numbers on the homepage We will be constantly updating our contents with helpful information, articles, blogs, newsletters, Institution announcements and client successes in the relevant section. We hope you find the new website fresh and modern; we worked hard to make sure it contains valuable information to assist you with your needs.

We hope the new web site is faster, easier to navigate and more user friendly. In addition to the changed design and layout of the pages, new functions have been implemented in this version. Please give your feedback on the web site and we hope with your feedback we wouldl be able to make it one of the most attractive web sites.
